

Program

EPINOR and CASE Summer School 2018

Monday

10.30 - 13.30	Bus to Hamn
13.30 - 15.00	Arrival at Hamn and lunch
15.00 - 16.00	Science communication workshop with Jo Røislien Lecture: "The art of communicating complex topics."
16.00-17.00	Student activity I. Plenary session. We work on some simple basics of science communication.
17.00 - 18.00	Lecture: "Stop talking. Start telling."
18.00- 19.00	Student activity II. Small group sessions (10 groups of 6 students). We work on presentations of own work.
19.00	Student activity III. Preparation for the "60 seconds" research presentation competition. Each group choose one person to participate in the competition, and work on the talk.

Tuesday

10.00 - 10.30	Introduction to systematic reviews in epidemiology (Eva Denison)
10.30 - 11.30	Formulating the research question (Eva Denison)
11.30 - 12.00	Deciding the inclusion and exclusion criteria (Eva Denison)
12.00 - 13.00	Lunch
13.00 - 16.00	Literature search (Rigmor Berg)
16.00 -17.30	Study selection (Eva)

Wednesday

08:30-11:30	Assessing risk of bias in included studies (Rigmor Berg)
11:30-12:30	Lunch
12:30-14:00	Data extraction (Rigmor Berg)
14:00-17:00	Analyzing data and conducting a meta-analysis (Eva Denison)

Thursday

08.30 - 12.00	Assessing the confidence in the evidence: GRADE (Rigmor & Eva)
12.00 - 13.00	Lunch
13.00 – 14.30	Assessing the confidence in the evidence : GRADE (continues)
15.00	Social activity

Friday

08:30 - 09:30	Presenting and interpreting results (Rigmor & Eva)
09:30 - 11:30	Critical appraisal of systematic reviews (Rigmor & Eva)
11.30	Lunch and departure
